## DEPARTMENT OF DEFENSE

### Office of the Secretary

#### Veterans' Advisory Board on Dose Reconstruction; Meeting

**AGENCY:** Defense Threat Reduction Agency, DoD.

**ACTION:** Advisory board meeting notice.

**SUMMARY:** Under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended) and the Sunshine in the Government Act of 1976 (5 U.S.C. 552b, as amended) the Defense Threat Reduction Agency (DTRA) and the Department of Veterans Affairs (VA) announce the following advisory board meeting of the Veterans' Advisory Board on Dose Reconstruction (VBDR). The public is invited to attend.

**DATES:** The meeting will be held on Thursday, March 4, 2010, from 8:30 a.m. to 11:45 a.m. and from 1:15 p.m. to 5 p.m. A public comment session is scheduled from 10:15 a.m. to 10:45 a.m.

**ADDRESSES:** The meeting will be held at the Hilton Arlington Hotel, 950 North Stafford Street, Arlington, VA 22203.

**FOR FURTHER INFORMATION CONTACT:** The Veterans' Advisory Board on Dose Reconstruction Toll Free at 1-866-657-VBDR (8237).

Additional information may be found at <http://vbdr.org>.

**SUPPLEMENTARY INFORMATION:**

### Purpose of Meeting

To obtain, review and evaluate information related to the Board's mission to provide guidance and oversight of the dose reconstruction and claims compensation programs for veterans of U.S.-sponsored atmospheric nuclear weapons tests from 1945–1962; veterans of the 1945–1946 occupation of Hiroshima and Nagasaki, Japan; and veterans who were prisoners of war in those regions at the conclusion of World War II. In addition, the advisory board will assist the VA and DTRA in communicating with the veterans.

### Meeting Agenda

The meeting will open with an introduction of the Board. After introductions, the following briefings will be presented: "Veterans Health Administration Procedures and the Ionizing Radiation Registry" by Victoria Cassano, M.D.; "Discussion on: Projecting Future Operations of VBDR at the Strategic Level (September 15, 2009 Draft)" by Dr. John Lathrop; "Update on the NTPR Dose Reconstruction Program" by Dr. Paul Blake; and "Update on the VA Radiation Claims Compensation Program for Veterans" by Mr. Brad Flohr. The morning session includes one half-hour open public comment session. In the afternoon, the four subcommittees established during the inaugural VBDR session will report on their activities since June 2009. The subcommittees are the "Subcommittee on DTRA Dose Reconstruction Procedures," the "Subcommittee on VA Claims Adjudication Procedures," the "Subcommittee on Quality Management and VA Process Integration with DTRA Nuclear Test Personnel Review Program," and the "Subcommittee on Communication and Outreach." The remainder of the meeting will be devoted to a discussion of the future of the VBDR.

### Meeting Accessibility

Pursuant to 5 U.S.C. 552b, as amended, and 41 CFR 102-3.140 through 102-3.165, and the availability of space, this meeting is open to the public. Seating is limited by the size of the meeting room. All persons must sign in legibly at the registration desk.

### Written Statements

Pursuant to 41 CFR 102-3.105(j) and 102-3.140(c), interested persons may submit a written statement for consideration by the Veterans' Advisory Board on Dose Reconstruction. Written statements should be no longer than two type written pages and must address: The issue, discussion, and recommended course of action.

Supporting documentation may also be included as needed to establish the appropriate historical context and to provide any necessary background information.

Individuals submitting a written statement may submit their statement to the Board at 801 N. Quincy Street, Suite 600, Arlington, VA 22203, at any time. However, if a written statement is not received at least 10 calendar days prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the Veterans' Advisory Board on Dose Reconstruction until its next open meeting.

The Chairperson will review all timely submissions with the Designated Federal Officer, and ensure they are provided to members of the Veterans' Advisory Board on Dose Reconstruction before the meeting that is the subject of this notice. After reviewing the written comments, the Chairperson and the Designated Federal Officer may choose to invite the submitter of the comments to orally present their issue during an open portion of this meeting or at a future meeting.

#### Public Comments

The March 4, 2010, meeting is open to the public. One, approximately half-hour session will be reserved for public comments on issues related to the tasks of the Veterans' Advisory Board on Dose Reconstruction. Speaking time will be assigned on a first-come, first-served basis. The amount of time per speaker will be determined by the number of requests received, but is nominally five minutes each. All persons who wish to speak at the meeting must sign in legibly at the registration desk. Speakers who wish to expand on their oral statements are invited to submit a written statement to the Veterans' Advisory Board on Dose Reconstruction at 801 N. Quincy Street, Suite 600, Arlington, VA 22203.

Dated: February 1, 2010.

## DEPARTMENT OF DEFENSE

### Department of the Army; Corps of Engineers

#### Intent To Prepare a Draft Environmental Impact Statement To Evaluate Improvements to the Federal Deep-Draft Pascagoula Harbor Navigation Channel in Jackson County, MS

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DOD.

**ACTION:** Notice of intent.

**SUMMARY:** The Mobile District, U.S. Army Corps of Engineers (Corps) intends to prepare a Draft Environmental Impact Statement (DEIS) to address the potential impacts associated with improving the Federal Pascagoula Harbor Navigation Channel Project in Jackson County, MS. The DEIS will be used as a basis for ensuring compliance with the National Environmental Policy Act (NEPA) and evaluating alternative plans including the "No Action". Alternatives which will be evaluated include widening the Lower Pascagoula Channel and Bayou Casotte Channel by 50-foot increments to a total width of 150 feet on one side or both sides of the channel.

**DATES:** A public scoping meeting will be held on Thursday, February 25, 2010 from 5:30 p.m. to 7:30 p.m.

**ADDRESSES:** The scoping meeting will be held at the Pascagoula Public Library, 3214 Pascagoula Street, Pascagoula, MS 39567.

#### FOR FURTHER INFORMATION CONTACT:

Questions about the DEIS should be addressed to Ms. Jennifer Jacobson, Coastal Environment Team, Mobile District, U.S. Army Corps of Engineers, P.O. Box 2288, Mobile, AL 36628 by telephone (251) 690-2724 or e-mail her at [jennifer.l.jacobson@usace.army.mil](mailto:jennifer.l.jacobson@usace.army.mil).

#### SUPPLEMENTARY INFORMATION:

1. The March 1985 Pascagoula Harbor, MS Feasibility Report investigated increased widths and depths in the Pascagoula and Bayou Casotte navigation channels. Of the plans initially formulated, five were selected for detailed study along with the "No Action" alternative. All plans considered for detailed study included deepening all the channels in Mississippi Sound to 42 feet and the Entrance channel to 44 feet; widening of the Entrance channel to 550 feet; widening of the Bayou Casotte channel to 350 feet; and providing a 1,400-foot diameter turning basin just inside the mouth of Bayou Casotte. The 1985 Feasibility Report recommended deepening and widening the Gulf

Entrance channel to 44 feet by 550 feet from the 44-foot depth contour in the Gulf of Mexico to the bend at the southern end of Horn Island Pass, deepening and widening Horn Island Pass to 44 feet by 600 feet between the bends at the southern and northern ends of that pass, for a distance of about 4 and 1/2 miles; reconfiguring the impoundment basin in Horn Island Pass to provide a section within the channel limits 1,500 feet long with a total depth of 56 feet to facilitate maintenance by hopper dredge, and allowing for future realignment of the Horn Island Pass reach as natural conditions warrant. In addition, deepening the Lower Pascagoula channel to 42 feet from the bend at the north end of Horn Island Pass, through Mississippi Sound and into the Pascagoula River, and terminating about 500 feet south of the grain elevator for a total distance of about 10 miles; widening the bend at the junction with the Bayou Casotte channel from the present 150 feet to 250 feet to provide a total width at the bend of 600 feet and widening the bend at the mouth of Pascagoula River by 280 feet to provide a total width at the bend of 630 feet. Finally, widening and deepening the Bayou Casotte channel to 42 feet by 350 feet from the junction with the main channel to the mouth of Bayou Casotte, a distance of about 3 and 1/2 miles; with additional widening at the mouth to provide a turning basin with a total turning diameter of 1,150 feet, including the channel width; relieving the northern portion of the area between the junction with the main ship channel from the present 500 feet to 1,000 feet, and widening the bend at the mouth of Bayou Casotte from the present 50 feet to 100 feet to provide a total width at the bend of 450 feet. A Final Environmental Impact Statement (EIS) for the Designation of an Ocean Dredged Material Disposal Site (ODMDS) located offshore Pascagoula, MS was prepared in July 1991. Construction of all phases of the improvements, except for the Entrance channel being widened to 550 feet, reconfiguring the Horn Island Pass impoundment basin, and the Pascagoula Upper channel being deepened to 42 feet, were completed in 1999. A Final Supplemental EIS entitled Pascagoula Harbor Navigation Channel is scheduled to be released for public comment this year. This Final Supplemental EIS addresses construction of all those unconstructed navigational features. The project is conducted under the authority of Public Law 84-99, Flood and Coastal Storm Emergencies (33 U.S.C.701n) (69 Stat. 186). Appropriations for construction of the
